

Prescott Group is a non profit organization. Our mission is to enhance the independence of adults with intellectual disabilities through personal development, social enterprise and community employment. Our social enterprises Atlantic Bag Manufacturers, Fireside Kitchen, On-Line Auction and Prescott Mailing Services support our 160+ clients with meaningful work.

Why Team Prescott?

For the first time, **Prescott Group** is participating in the Blue Nose Marathon. There is no better way to include our clients in the community than this iconic event. We are looking forward to Prescott Group being front and centre at this event, exactly where we should be!

Why Support?

Your contributions support ongoing advancement at **Prescott Group**. Recent advancements include an updated Employment Services program better equipped to support current clients and reach out to new clients, who are underemployed or have never been part of the workforce before. The opportunity for training and meaningful work is *life-changing* and builds upon individual potential and determination.

Community support turned their determination into reality.
